

## Early Journal Content on JSTOR, Free to Anyone in the World

This article is one of nearly 500,000 scholarly works digitized and made freely available to everyone in the world by JSTOR.

Known as the Early Journal Content, this set of works include research articles, news, letters, and other writings published in more than 200 of the oldest leading academic journals. The works date from the mid-seventeenth to the early twentieth centuries.

We encourage people to read and share the Early Journal Content openly and to tell others that this resource exists. People may post this content online or redistribute in any way for non-commercial purposes.

Read more about Early Journal Content at <http://about.jstor.org/participate-jstor/individuals/early-journal-content>.

JSTOR is a digital library of academic journals, books, and primary source objects. JSTOR helps people discover, use, and build upon a wide range of content through a powerful research and teaching platform, and preserves this content for future generations. JSTOR is part of ITHAKA, a not-for-profit organization that also includes Ithaka S+R and Portico. For more information about JSTOR, please contact [support@jstor.org](mailto:support@jstor.org).

## The Oologist

*Birds - Eggs - Nests - Taxidermy*

The Oologist is the only magazine published in America devoted to the interests of those making collections of Birds, their Nests and Eggs. For thirty-seven years it has been the recognized medium for the exchange of ideas along these lines and its columns teem with advertisements of this character, solely for exchange. It is the second oldest bird journal in America and indispensable to those engaged in either the amateur or scientific study of birds.

Subscription, fifty cents per year, with a free exchange notice. Sample copy free. Address The Oologist, Lacon, Ill.
